Dear Sir,

RE: MOTOR VEHICLE INSPECTION AND REPORT

POLICY NO	T,B.A
CLAIM NO	T.B.A
VEHICLE MODEL	TOYOTA HILUX
REG NO	AWE 711 AA
CHASSIS NO	MR0FX22G4D1377136
YEAR OF MAKE	2013
MILEAGE	COMPUTERIZED
VEHICLE'S LOCATION	WORKSHOP PREMISES
<u>INSURED</u>	<u>C&I LEASING PLC</u>

Following your directive, we travelled to Kano State and called at the workshop premises Messrs **DESTINY CONCEPT MECHANICAL AND TECHNICAL WORKS** located at Lagos Street behind First Bank Round about, Kano, Kano State where we carried out the physical inspection of the above captioned vehicle and the attached photographs were taken for your record purposes.

DESCRIPTION OF ACCIDENT

The repairer could not tell us how the accident happen. However, our physical inspection confirmed that the impact of the accident damaged the under listed parts of the vehicle:

Radiator
Condenser
A/c gas
A/c pipes
Front windscreen
Front bumper
Headlight seating
Front grill

Bonnet
Front chassis
Front bumper bracket

REPAIR ESTIMATE

The repair estimate cost to the tune of **N312,000.00** forwarded by the workshop mentioned above was thoroughly examined and compared with the extent of damaged done on the vehicle and we observed that the estimate was inflated in prices but realistic in materials. We therefore discussed with the workshop manager and called his attention to the prices quoted for each item, we frankly told him that they are on the high side and they are subject to adjustment. We logically backed our argument with the current auto parts prices but he said that he was not informed that the insurance will be involved in the repairs. We said further that he deliberately omitted the bonnet while preparing the estimate. He therefore concluded with us that he will only allowed reduction on the labour but we disagree with him. At the end of our discussion with the workshop manager, he allowed a total reduction of **N22,000.00** from the estimate.

Details of reductions are shown in the table below:
